- Healthy Iron Levels\*

\* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure, or prevent any disease.

## What is IP<sub>6</sub> (Inositol Hexaphosphate)?

IP<sub>6</sub> is a nutrient found in the fiber of a variety of grains, legumes and seeds. Taking purified IP<sub>6</sub> is more bio-available than eating dietary IP<sub>6</sub>. The dynamic duo of IP<sub>6</sub> and its related molecule Inositol are found in every cell of the body.

Recognized as powerful antioxidants, research indicates an ability to neutralize multiple oxidants at the same time while providing a profound effect on immune function, glucose metabolism, kidney, cardiovascular, brain health and more!

IP6 Gold products feature clean label, transparent pure ingredients and our products have been used in published scientific research.

## Is It Safe?

Yes! IP<sub>6</sub> and Inositol are found naturally within every cell in the body. IP<sub>6</sub> & Inositol have undergone animal and human studies. There are no known drug or nutrient interactions or negative side effects.

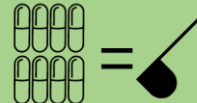

## How Much Should I Take?

### General Use

2 Capsules  
Twice a Day

### Maximum Support

8 Capsules or 1 Powder Scoop  
Twice a Day

**Most effective taken on an empty stomach.  
1 hour before or 2 hours after a meal.**

## Trust Only IP6 Gold®

Purity and potency guaranteed.

Lab tested at every step. Non-GMO Project Verified. Manufactured in a cGMP certified facility. Our IP6 and Inositol are extracted from rice sourced from Japan, not China. Backed by research.
